Sale conducted by
BLACKLOCK AUCTION SERVICE
Box 1205, Saskatoon

FOREWORD

The first cows in this herd were purchased from the late Dr. A. G. Hopkins, Surbiton, who had one of the early herds of Shorthorn cattle in this province and who had bred Shorthorns for both beef and milk production. The milking ability of those foundation cows is still in evidence in this herd today. Later cows were added from Bill Duff, Anglia; Frank Richardson and Sons, Semans; and a top cow purchased from Buhr Bros. of Hepburn. This cow produced a bull calf by Killearn Baron 26th that was used as a Herd Sire and later was sold at the Swift Current Bull Sale where he was the Grand Champion Shorthorn bull. Other bulls used in the herd were bred by J. B. Wilson, Harris; Lyle Robinson, Vermilion; and Nielbar Victor Royal, bred by Matt Nielson and Sons, Craik, a full brother to their 1957 Regina Bull Sale Champion. The present herd sire that is selling as Lot 1 is a top Polled Shorthorn bred by Hugh Kidd, Vandura. The calves are sired by him and the cows are bred back to him. The demand for Shorthorn cattle, particularly bulls, has gained great momentum in the last year and the prospects are very good. This dispersion sale is your opportunity to lay in foundation females that will fill this demand.

Lot 1

HERD SIRE

SUNNY BAR WELCOME -X 384197-

Tattoo BPL N14 rt. ear, roan, born May 20th, 1958.
